# RANDOM REFERENCES

The continued enthusiasm which the band and guitar playing of Messrs. McMillan and Mansfield continues to evoke at the Falstaff has impelled the management to retain their services still further. Many music lovers have been unable to secure seats during the past week, and it is suggested that box reservations be made in advance by those who wish to hear these clever musicians.

**Utah Construction Election**—Manager W. H. Watts of the Utah Construction Co. is back from Nevada, having come to attend the annual election of stockholders of that company. He states that operations are continuing with their accustomed vigor along the line of the new Western Pacific, there being nearly 5,000 men now at work. At the election of the board of directors, Tuesday, practically the same board was again chosen for the ensuing year.

The second musical in the Musical History Course will be given at the Congregational church, Friday, Jan. 29, at 8 p. m. Miss Brown will play, Mr. Sanders will sing, and Mrs. Bishop will lecture. Every body invited. Single lectures, 25c.

**Opticians at a Visit**—A. G. Gowan, president, and R. C. Kingsley, vice-president, of the Utah Society of Optometry, and H. O. Jensen and F. J. Alexander, members of the state board of examiners in optometry, are in Ogden, urging the importance of legislation providing for the examination of the eyes of all school children. They contend that many children with defective eye sight are handicapped in school work by a failure of teachers or parents to note the seat of trouble and correct the defective vision, and that these defects are so many as to call for legislation. In many schools of the East, the children are regularly examined and their eyes tested.

**Water Suit in District Court**—The suit of the North Ogden Irrigation company against George A. Fuller et al., still drags along in district court, where it has been on call and occupying the attention of court since January 7. It will probably require His Honor's attention, on and off, as other business permits, for the next two weeks, and will doubtless be under consideration for some time after the evidence is all in before a decision is rendered. The case is one of more than ordinary importance and involves many fine points of law. Another case of similar nature will probably occupy the court's attention directly after the decision is rendered.

**Demurrer in Suit for Divorce**—Some time since Jennie Ferguson instituted suit for divorce against John Mackey Ferguson, the complaint alleging that the two were married at Ogden, September 16, 1907, and that defendant had failed to provide plaintiff with the necessities of life and had become a habitual drunkard. This morning a demurrer to the complaint was filed alleging that the instrument "does not state facts sufficient to constitute a cause of action."

**CONTROL AND POWER OF SPEAKER DISCUSSED**

Washington, Jan. 26.—Under the control of the speaker of the house and the enormous power with which he is armed, can the individual member properly discharge his duties to the nation? This query was propounded today by Representative Victor Murdock, of Kansas, in a speech in the house.

Mr. Murdock made four concrete propositions. In one he cited a case in which he said, a secret service agent, under a congressional commission, had been paid over \$28 a day, which he said, was an outrageous sum, and the second, in which for 25 years the president of the Michigan Central railway had been paid \$1,000 a year as a mail messenger to make up pay for transportation of mails on railroads, which Mr. Murdock could not be done under the laws.

As a third instance he charged that an excess of payment of \$35,000 a year had been made to the Eads bridge at St. Louis for mail charges. The fourth was the payment by the house of representatives itself of \$500 a year for a trivial clerical duty.

"And now," he said, "I challenge any member of this body who is in violation of an appropriate congressional committee to secure a correction through congressional actions. In these four items I have cited over the opposition of the speaker or without his consent or that of any of the chairmen."

# ATTRACTED BY VIADUCT WORK BARNES IS BOUND OVER

MANY GATHER TO SEE THE ASSEMBLING OF MATERIAL.

Blacksmiths and Iron Workers Are on Hand to Rivet and Bolt the Big Structure.

Several additional cars of structural iron for the new viaduct arrived from the east this morning, and all of the dozen or fifteen cars are now being unloaded as fast as possible by a large force of men. Contractor Dundas is rushing things. As fast as the material is hoisted from the cars by the big derrick it is swung on to wagons and hauled to the different concrete piers extending from Wall avenue to the west side of the yards.

Blacksmiths and iron workers are awaiting the assembling of the various parts of castings to begin work on the big structure.

The interest felt in the construction work is demonstrated by the large crowd of people who congregate to watch every move made by the contractor and his force.

# TRACING THE WATCH OF A DEAD MAN

SUPPOSED TO HAVE DISAPPEARED IN THIS CITY.

Wealthy German Family Enlists the Services of Harriman, Bancroft, Manson and the Police Force.

F. Lohsen, the wealthy German who lived in a Salt Lake hospital last September, seems to have been of a family whose influence is of more than ordinary moment, inasmuch as an attempt to regain the deceased's missing watch and signet ring has occupied the attention of E. H. Harriman himself, as well as minor officials of the great railroad system.

It has been learned that the man's family so highly prizes the watch and ring which is now missing, that expense is no item to be considered in their recovery. Personal letters from President Harriman referred the matter to President Bancroft who in turn stopped the efforts of Superintendent Manson.

The local police are now searching high and low for the jewelry with probably a substantial reward as an incentive. The signature upon the Reed hotel register, where Lohsen stopped prior to his going to Salt Lake, has after it the word "Germany" as the address of the transient.

# UNITED STATES STEEL DECLARES DIVIDENDS

New York, Jan. 26.—The directors of the United States Steel corporation declared quarterly dividends of 1 3/4 per cent on the preferred stock and one-half of one per cent on the common stock. These are unchanged from the last previous quarter.

The earnings for the quarter ended December 31, 1908, were \$2,225,485, a decrease of \$580,789, as compared with the quarter ended September 30, 1908.

The net earnings for the quarter were \$1,011,666, a decrease of \$298,750.

The unfilled orders on December 31, were 3,603,577 tons, an increase of 181,550 tons.

The earnings for the year 1908 were \$91,826,520, a decrease as compared with 1907 of \$69,138,153.

The net earnings for the year were \$74,842,230, a decrease of \$58,402,599.

The unfilled orders for the year 1908 were 14,401,726 tons, a decrease of 12,592,574 tons.

# FOUGHT TWENTY ROUNDS TO A DRAW

Billings, Mont., Jan. 26.—Tony Caponi of Chicago and Eddie McGorty of Oshkosh, Wis., fought twenty rounds to a draw tonight before the Billings Athletic association. The men were evenly matched until the fifteenth round, when Caponi caught McGorty with a right upper cut to the nose and started it bleeding. During the last five rounds Caponi forced the fighting but both men came up strong in the twentieth and went in for a knock-out. No decision was rendered, but the general opinion seemed to be that it was a draw.

**NEVADA POSTMASTER BLOWS TOP OF HEAD OFF**

Reno, Nev., Jan. 26.—Following the arrival of an United States postal inspector last Saturday, Postmaster J. W. Kennedy of Searchlight, Nev., blew off the top of his head with a revolver. A shortage of \$600 was discovered in his accounts.

Kennedy disappeared soon after the inspector had started in on his work, and was not seen again until the next morning, when a searching party that had been out all night, discovered his dead body.

# FOUR MEN ARE BURNED TO DEATH

Fort Worth, Jan. 26.—Four men were burned or suffocated to death, and another perhaps fatally burned here today, in a fire which practically destroyed the Southern hotel. An explosion caused the fire. The dead have not yet been identified.

HE MUST ANSWER TO THE DISTRICT COURT.

Claims He Was Unable to Provide For His Family Owing to Failure to Obtain Work.

Walter Barnes was arraigned before the municipal judge on the charge of failing to provide food, shelter and clothing for his minor child, Warren L. Barnes, aged one year, the complaint having been brought by the defendant's wife, Olive Barnes.

On motion of County Attorney Jensen, a similar case against Barnes was dismissed previous to the arraignment being read. In view of Barnes' desisting an immediate examination, and his attorney not being present, the case was continued until 11:30.

At the hour mentioned, the defendant's wife arrived from Roy and, coming direct to the court room, gave her testimony in the case. She stated that Barnes had departed a year or more ago and she had seen nothing of him since. He had failed to provide her with means to support herself and child and had apparently left his small family to shift for themselves.

Barnes testified that he had gone to Idaho to work, but, owing to a misunderstanding with his employer, he had lost his job, and had gone from there to other points with similar misfortune in the way of providing for those dependent upon him.

The court looked into the matter closely, and considering that the evidence was sufficient for holding the defendant, bound Barnes over the custody of the sheriff, bail being fixed at \$500.

# TRAINS FROM THE WEST ARE NEARLY ON TIME

The Sacramento division of the Southern Pacific system is being placed in first-class condition again as fast as the work can be accomplished by a large force of men, and trains are arriving at Ogden from the west nearly on time today. Nos. 6 and 10 this morning were about an hour behind schedule time and trains Nos. 2 and 4 this afternoon are about two hours late.

Union Pacific passenger train No. 3, from the east, was delayed several hours owing to the wreck on the Wyoming division, but No. 9, the fast mail was nearly on time, as was also the west bound Overland Limited.

Rio Grande trains from the east were delayed last night and today for two or three hours, owing to a derailment of Henry's Sliding, in which several freight cars were piled up.

Oregon Short Line trains are arriving at Ogden nearly on time.

# MONGOLIAN PHEASANTS ARRIVE

THEY ARE TO STOCK A PRIVATE GAME PRESERVE.

Beautiful Game Bird Will Be a Source of Delight to All Utah Sportsmen.

A consignment of Mongolian pheasants was received today by George McCormick, who is making preparations to stock a private game preserve with these birds and Hungarian partridge.

The result of this experiment, as the Hungarian partridge has already won for himself a place in the good graces of lovers of the dog and gun throughout the east, and it is claimed that the Mongolian pheasant is an excellent game bird, hardy, adapts himself to almost any surroundings, and lays well to a dog. The fact that he possesses the faculty of self-concealment in the sparsest cover, is a material factor in his protection, in a thickly settled farming community.
